

TINA PHAM

BSC IN GLOBAL BUSINESS INFORMATICS

Copenhagen, Denmark • +45 30318845 • tina.pham7499@gmail.com

website: <http://127.0.0.1:5500/index.html>

SUMMARY

I am a detail-oriented and proactive professional with experience in recruitment, process improvement, and digital systems. Through my work and studies, I have developed strong analytical, organizational, and communication skills, with a particular interest in optimizing workflows and creating user-friendly solutions. I enjoy collaborating with others, learning new technologies, and contributing to projects that improve efficiency and deliver meaningful results.

WORK EXPERIENCE

Student assistant - Koncern IT Københavns Kommune

June, 2024 – June, 2026

Managing IT projects and organisational processes. I prepared presentations and decision material, mapping and improving workflows, coordinating stakeholders, and planned/facilitated workshops. I also supported recruitment activities and took ownership of onboarding, ensuring a smooth and structured introduction to the team.

Sales assistant/Piccolo - Nordisk Film Blografer

June, 2021 – September, 2022

Cleaning and preparing theaters, delivering excellent service to guests, and offering them an irresistible offer regarding movies and snacks. Additionally, I was responsible for children's birthday parties and was part of the SoMe team.

EDUCATION

Bachelor of Science in Global Business Informatics

2023 - 2026

(GPA: 10)

An interdisciplinary study with a particular focus on digital technology and its application in organizations and society. This education has equipped me with a wide range of skills, including programming in Python, fieldwork, and documentation, as well as a thorough understanding of GDPR principles, process optimization, AI & implementation.

For my bachelor's thesis, I collaborated with Roskilde Festival and researched the introduction of an AI solution in their crowd management process.
